

Provention Bio to Report Fourth Quarter and Full Year 2019 Financial Results and Host Conference Call on Thursday, March 12, 2020

OLDWICK, N.J., March 5, 2020 /PRNewswire/ -- Provention Bio, Inc. (Nasdaq: PRVB), a clinical stage biopharmaceutical company dedicated to intercepting and preventing immune-mediated disease, today announced that it will report its fourth quarter and full year 2019 financial results on Thursday, March 12, 2020.

In connection with the earnings release, Provention's management team will host a live conference call and webcast at 8:30 AM ET on Thursday, March 12, 2020, to discuss the Company's financial results and provide a corporate update.

Conference Call Information

To access the call, please dial 1-877-870-4263 (domestic) or 1-412-317-0790 (international) five minutes prior to the start time and ask to be connected to the "Provention Bio Call". An audio webcast will also be available in the "Events and Webcasts" page in the Investors page of the Company's website, www.proventionbio.com. An archived webcast will be available on the Company's website approximately two hours after the conference call and will be available for 30 days following the call.

About Provention Bio, Inc.

Provention Bio, Inc. (Nasdaq: PRVB) is a clinical-stage biopharmaceutical company leveraging a transformational drug development strategy focused on the prevention or interception of immune-mediated disease. Provention's mission is to source, transform and develop therapeutic candidates targeting the high morbidity, mortality and escalating costs of autoimmune diseases. Provention's diversified portfolio includes PRV-031 (teplizumab), a pre-commercial-stage candidate that has been shown to delay the onset of end-stage type one diabetes (T1D) in at-risk individuals with pre-symptomatic disease. Teplizumab has been granted Breakthrough Therapy designation from the U.S. Food and Drug Administration. The company's portfolio includes additional clinical-stage product development candidates that have demonstrated proof-of-mechanism and/or proof-of-concept in other autoimmune diseases, including celiac disease and lupus.
